No. 2738/G., dated the 7th November '19, from the Government of India, Foreign and Political Department, to the Chief Secretary to the Government of His Highness the Maharaja of Mysore, for information and such action as it may be considered suitable to take.

First Assistant Resident.

R. O. 178. (a).—R. P. B.—8-1919.—2,000.

Telegram dated the 7th November 1919, from the Government of India, Foreign and Political Department, Delhi, to the Hon'ble the Resident in Mysore.

Clear the line 2738/C. Following telegram has been received from the Secretary of State. Begins - I am commanded by His Majesty the King Emperor to send you for immediate publication the following message which is addressed to all the peoples of the Empire. Begins - To all my people Tuesday next November 11th is the First Anniversary of the Armistice which stayed the world wide carnage of the four proceding years and marked the Victory of Right and Freedom. I believe that my people in every part of the Empire fervently wish to perpetuate the memory of that great deliverance and of those who laid down their lives to achieve it. To afford an opportunity for the universal expression of this feeling, it is my desire and hope that at the hour when the Armistice came into force the eleventh hour of the eleventh day of the eleventh month there may be for the brief space of two minutes a complete suspension of all our normal activities during that time except in the rare cases where this may be impracticable all work all sound and all locomotion should cease so that in perfect stillness the thought of everyone may be concentrated on the reverent remmemberance of the glorious deed. No elaborate organization -- appears to be necessary at a given signal which can easily be arranged to suit the circumstances of each locality. I believe that we shall all gladly interrupt our business and pleasure whatever it may be and unite in this simple service of silence and remembrance George R.I. Ends. This will be published in the press here tomorrow morning. Arrangements are being made for the general observance of the two minutes silence at eleven O'clock next Tuesday. Trains will be stopped on the Railways, traffic on the streets, ships as far as possible at sea and every effort will be made to get work suspended everywhere in schools, shops, mines and factories and to insure complete silence. His Majesty hopes that your Government will arrange for a similar observance throughout British India. It is of course impracticable

owing to distance that the ceremony should synchronise throughout the Empire. It is therefore suggested that 11 A.M. local time should be adopted everywhere a similar message is being sent to every dominion and colony in the British Empire. Ends.

Please take necessary action observance His Majesty's wishes.
